Leadership Experience

Head, Department of Statistics, NC State University: 8/2023 – present

- Lead a department with 50 faculty and staff and approximately 500 students, including a graduate program ranked #11 in the country and #28 in the world; top producer of PhD graduates in Statistics
- Supervise annual budget
- Manage departmental reappointment, tenure, and promotion review cases
- Establish departmental communications (social media, newsletter)
- Exhibit and utilize strong crisis management, problem-solving, and interpersonal skills

Chair, Statistics Committee, Georgetown University: Fall 2007–Summer 2012, Fall 2015–Summer 2016

- Grew the Statistics group from 1 to 6 full time (4 tenure-line; 2 full-time contract) faculty, personally recruiting two of the existing members to join the department
- Led the organization of statistical responsibilities for the department, including teaching assignments for subsequent semesters
- Organized and led peer mentorship and professional development discussions among Statistics faculty
- Competed successfully for funding from the Vice Provost for Research Office to support equipment and infrastructure expenditures for the Statistics group

Chair, Statistics Hiring Committee (tenure line), Georgetown University: Fall 2015–Spring 2016

- Organized and led regular committee meetings to develop, distribute, and publicize the hiring announcement; review applicant submissions; and prioritize faculty hire selections
- Collected and monitored faculty application submissions
- Scheduled and organized on-site interviews
- Communicated with candidates at all levels throughout the review process

Inaugural Chairperson, American Statistical Association (ASA) Justice, Equity, Diversity, and Inclusion (JEDI) Outreach Group: 1/2021-12/2022

- Established Outreach Group framework, including committees, institutional documents and guidelines, website and social media presence, etc.
- Grew membership to approximately 300 members in its first year; current membership over 450
- Identified leadership team members to serve as committee chairpersons for the Communications, Program, Professional Development, Student & Young Professionals, Awards, and Liaison Committees
- Established the JEDI Outreach Group as a potential sponsor for Joint Statistics Meetings conference sessions
- Established partnerships with the Eastern North Atlantic Region (ENAR) and the Western North Atlantic Region (WNAR) of the International Biometric Society

such that both organizations have included a representative from the JEDI Outreach Group to serve on their respective Conference Program Committees, reviewing invited session proposals and assessing them with regard to diversity, equity, and inclusion (DEI)
- Publicized JEDI Outreach Group efforts both within and outside of the ASA through *Amstat News*, the Outreach Group website, and social media
- Established *The JEDI Corner* – a monthly mainstay feature in *Amstat News* for submissions that address any aspect of justice, equity, diversity, and/or inclusion in the discipline
- Organized and led regular leadership team, Executive Board, and general body meetings

Chairperson, ASA Committee on Women in Statistics (COWIS): 1/2017–12/2018
- Co-organized Women in Statistics and Data Science 2017 and 2018 conferences
- Established daily woman statistician features in conjunction with Women's History Month (WHM) throughout March
- Established social media (Facebook, Twitter) accounts on behalf of COWIS to promote activities and increase visibility
- Met with ASA Membership Council, reporting COWIS activities and reporting committee suggestions for larger ASA Executive Council (e.g. including WHM feature in *Amstat News*, along with other features for other History Months including Black History Month, Hispanic Heritage Month, LGBTQ+ Month, etc.; *Amstat News* now includes these features in their publications)
- Organized and led quarterly committee meetings
- Led the COWIS in other efforts affecting women in statistics and data science

Co-Chairperson, Georgetown College DEI Task Force: 9/2022–7/2023
- Invited by Dean Rosario Ceballo to co-lead committee comprised of 12 faculty and 2 students
- Established meeting framework, and led committee meetings
- Producing report for Dean Ceballo highlighting concrete, actionable steps that the College can do (whether immediate or long-term) to promote DEI for faculty, staff, and (graduate and undergraduate) students

Academic Positions

08/23 – present	Head and Professor, Department of Statistics, North Carolina State University, Raleigh, NC.
08/20 – present	Professor, Department of Mathematics and Statistics, Georgetown University, Washington, DC. (On leave, 8/23 - present)
09/15 – present	Principal Researcher, Center for Statistical Research and Methodology Division (CSRM), U.S. Census Bureau, Washington, DC
08/12 – 07/20	Associate Professor, Department of Mathematics and Statistics, Georgetown University, Washington, DC.
06/14 – 08/15	Research Fellow, Center for Statistical Research and Methodology, U.S. Census Bureau, Washington, DC.
07/15	Visiting Academic, University of Oxford, Oxford, UK.
08/06 – 07/12	Assistant Professor, Department of Mathematics and Statistics, Georgetown University, Washington, DC.

```
09/10 – 08/11        Research Fellow, Office of Survey Methods Research, Bureau of
                     Labor Statistics, Washington, DC.

09/04 - 07/06        Assistant Professor, Department of Biostatistics and
                     Epidemiology, Center for Clinical Epidemiology and
                     Biostatistics, University of Pennsylvania, Philadelphia, PA.

08/01 - 08/04        Visiting Assistant Professor, Statistics Department, Carnegie
                     Mellon University, Pittsburgh, PA.
```

Honors and Awards
Fellow, Association for Women in Mathematics (2023)
2022 Black History Month Feature, University of Kentucky
Fellow, American Statistical Association (2021)
Elected Member, International Statistical Institute (2018)
Finalist, Burroughs Wellcome Career Awards at the Scientific Interface (2002)
NSF-VIGRE postdoctoral fellowship (2001-2004)

Funding
As Principal Investigator (PI):
- "NSF REU-Sites: Summer Program Advancing Techniques in the Applied Learning of Statistics (SPATIAL-Stats) at Georgetown University", 4/1/23-3/31/26, $230,200.
- "NSA: Summer Program in Research and Learning at Georgetown University", 4/1/23-3/31/24, $98,040.
- "The Summer Program Advancing Techniques in the Applied Learning of Statistics (SPATIAL-Stats)", Delta Kappa Gamma International Educational Foundation, 7/1/23-6/30/24, $2,300.
- "Summer Program in Research and Learning (SPIRAL)", American Mathematical Society, 7/1/23-6/30/24, $10,000.
- "Developing Flexible Bivariate Distributions For Dispersed Count Data", Georgetown Spring Competitive Grant-in-Aid (Summer 2017-Spring 2019, $850).
- "Senior Faculty Research Fellowship Proposal: Developing The Conway-Maxwell-Poisson Distribution: Distributional Properties and Motivating Statistical Methods", Georgetown Senior Faculty Research Fellowship, (Spring 2018 research leave).
- "Summer Academic Grant Proposal: A Flexible Univariate Time-Series Model for Dispersed Count Data", Georgetown Summer Academic Fellowship (Summer 2017, $10,000).
- "Flexible Univariate Time-Series Model for Dispersed Count Data", ASA/NSF/Census fellowship (U. S. Census Bureau Contract #YA1323-14-SE-0122), 06/1/14 – 08/30/15, $161,729.
- "Regression and Point Process Generalizations via the Conway-Maxwell-Poisson Distribution", Georgetown University Junior Faculty Research Fellowship, 09/1/11 – 12/31/11.
- "Advances with the Conway-Maxwell-Poisson Distribution", American Statistical Association (ASA)/National Science Foundation (NSF)/Bureau of Labor Statistics (BLS) Research Fellowship, 09/1/10 - 08/31/11, $76,859.44.
- "Introducing the Conway-Maxwell-Poisson (COM-Poisson) Process", Georgetown University Summer Academic Grant 2010.
- "Feature Detection in Two-Dimensional Images", Georgetown University Competitive Grant-in-Aid, 2009.
- Association for Women in Mathematics Travel Grant to attend EURISBIS '09 conference, 6/09, $1,787.85.

- "Infrastructure Proposal: Increased Computing Support", Georgetown University Research Infrastructure Award 2007, PI (co-PIs: Ali Arab, Mahlet Tadesse).
- "Regression and Hypothesis Testing via the Conway-Maxwell-Poisson Distribution", Georgetown University Summer Academic Grant 2007.
- "Automated Low-Level Analysis For Differential Gel Electrophoresis Data", SPORE on Skin Cancer at Penn and Wistar, 07/1/05 - 06/30/06.
- "Getting Something from Nothing: Assessing Information Gain from Lack of Information due to Cell Suppression" (co-PI: Elizabeth Arnold), NISS, 09/1/03 - 05/31/04, $10,000.

As Co-Principal Investigator (Co-PI):
- "Molecular analysis of OSCC tumor invasion", co-PI with Barry Ziober (University of Pennsylvania, PI), NIH (# RO1 DE 019454-01), $21,490, 7/20/09 - 6/30/11.
- "Retinal gene expression and the retinome" (PI: Barbara Zangerl), University of Pennsylvania University Research Foundation, $30,000, 01/1/06 - 12/31/06.

As Statistician/Biostatistician:
- "Inflammation, the metabolic syndrome and atherosclerosis" (Muredach Reilly, PI), NIH, 10/1/04 - 06/30/06.
- "SPORE in Skin Cancer / Biometrics Core" (Meenhard Herlyn, Phyllis Gimotty, PI), NIH-Wistar, 09/30/01 - 06/30/06
- "Human Melanoma-Etiology, Progression and Therapy / Biostatistics Core" (Meenhard Herlyn, David Elder, PI), NIH, 04/06/90 - 06/30/06.
- "caBIG RProteomics Project, Phase I" (David Fenstermacher, PI), NIH, 07/01/05 - 01/31/06.
- "Reactive oxygen species and anti-oxidantsin ALI" (Arin Fisher, PI), NIH, 07/01/05 - 06/30/06.

As Consultant:
- "Inflammation, the metabolic syndrome and atherosclerosis" (Muredach Reilly, PI), NIH, 07/1/06 - 05/31/07.

Other:
- Data Science Corps External Advisory Committee, "The Data Science WAV: Experiential Learning with Local Community Organizations", NSF (Benjamin Baumer, PI), Award # 1924017, 10/1/19-9/30/22, $581,902 (0% support).
- Global Engagement Faculty Grant – International Travel Grant, "The Conway-Maxwell-Poisson Stochastic Process for Dispersed Count Data", Summer 2019 support to present at ISI World Statistics Congress (Kuala Lumpur, Malaysia), $1250 (Note: while awarded, I later declined award because I received other support covering full conference-associated costs.)
- Senior Personnel (advisor, 0% support) member (Kimberly Weems, PI) "RIA: Modeling Count Data with the Conway-Maxwell-Poisson Distribution", NSF-Historically Black Colleges and Universities - Undergraduate Program (HBCU-UP), 09/01/2017 - 08/31/2019, $185,799
- Senior Personnel member (0% support), REU Sites: Diverse Undergraduate Research Experiences in Statistics (DURES), NSF Research Experiences for Undergraduates (REU).
- Developing Research for Modeling Significantly Dispersed Count Data: A Proposal for Georgetown University Visiting Researchers at Campion Hall, University of Oxford (7/9/15-8/14/15 visitation).

- Travel grant to attend the Workshop for Mentors of Minority Undergraduate Students in Mathematics at the 2014 IAS/Park City Mathematics Institute (PCMI) Summer Session (July 13-19, 2014 in Park City, Utah).
- Travel grant to attend the International Conference on Statistical Distributions and Applications 2013 (ICOSDA 2013) conference ($1000; funded through National Security Agency (NSA))
- Travel grant to attend the Society for Advancement of Chicanos and Native Americans in Science (SACNAS) National Conference 2013 (covered full travel and lodging expenses)
- Invited Contributing Instructor for First Short Course on Statistical Genetics and Genomics (Hemant Tiwari, PI, University of Alabama at Birmingham), NIH: National Institute of General Medical Sciences (NIGMS) Research Education Grant R25-GM093044. 08/1/10-05/31/15.
- Invited Contributing Instructor for Short Course on Statistical Genetics and Genomics (Dr. David Allison, PI, University of Alabama at Birmingham), National Science Foundation (NSF) Grant 0616229, 10/01/07 - 09/30/09.

Education

Ph.D., Statistics	The George Washington University (Washington, DC)	May 2001
M.A., Mathematics	University of Maryland (College Park, MD)	August 1998
B.S., Mathematics	University of Maryland (College Park, MD)	August 1994

Invited Talks
Research:

1. AMS Invited address: "Dispersed Methods for Handling Dispersed Count Data", Joint Mathematics Meetings, San Francisco, CA, January 2024.

2. "Metrics for Diversity and inclusivity: A Review", "Metrics and Statistical Analyses of JEDI-related Data" (invited session), JSM 2023, Toronto, Canada, August 2023.

3. Presidential Invited Address: "Dispersed Methods for Handling Dispersed Count Data", WNAR 2023, Anchorage, Alaska, June 18-21, 2023.

4. "Have perceptions regarding fuzzy sets and probability theory become... fuzzy?", Seventh Symposium on Games and Decisions in Reliability and Risk (GDRR7), Madrid, Spain, May 24-26, 2023.

5. "Regression Models for Count Data Containing Dispersion", University of Washington Biostatistics Department, Seattle, WA, April 27, 2023.

6. "Dispersed Methods for Handling Dispersed Count Data", Center for Statistical Research & Methodology (CSRM) Seminar, U.S. Census Bureau, Washington, DC, April 25, 2023.

7. "Dispersed Methods for Handling Dispersed Count Data", Statistical Sciences Department, North Carolina State University, March 27, 2023.

8. "Regression Models for Count Data Containing Dispersion", Statistics Department Seminar, The George Washington University, February 10, 2023.

9. Keynote speaker, "Flexible Regression Models for Dispersed Count Data", Biostatistics Department, New York University, 12/22.

10. Plenary speaker, "Dispersed Methods for Handling Dispersed Count Data", International Conference on Statistical Distributions and their Applications (ICOSDA 2022), Huntington, WV, 10/22.

11. Keynote speaker (virtual): "Dispersed Methods for Handling Dispersed Count Data" 4th International Conference on Statistics: Theory and Applications (ICSTA), Prague, Czech Republic, 7/22.

12. "Regression Analysis for Dispersed Count Data", Summer Program in Research and Learning, American University, Washington, DC, 6/22.

13. "A Flexible Regression Model for Dispersed Count Data", University of Florida Biostatistics, 9/21.

14. "Flexible Regression Models for Dispersed Count Data", SPIRAL program, American University, 6/21 (virtual).

15. "A Flexible Regression Model for Dispersed Count Data", Joint Seminar – Department of Statistics, and Department of Biostatistics, Northwestern University, 4/21 (virtual).

16. "Analyzing Count Data Expressing Data Dispersion", DC R Conference: The Government & Public Sector, 12/20 (virtual).

17. "Flexible Regression Models for Dispersed Count Data", Slippery Rock University, 11/20 (virtual).

18. "Flexible Regression Models for Dispersed Count Data", Summer Program in Research and Learning (SPIRAL) and Summer Program Advancing Techniques in the Applied Learning of Statistics (SPATIAL-Stats) Colloquium (virtual), American University, Washington, DC, 6/20.

19. "Flexible Regression Models for Dispersed Count Data", International Conference on Statistical Distributions and Applications, Grand Rapids, MI, 10/19.
20. "The Conway-Maxwell-Poisson Stochastic Process for Dispersed Count Data", "Recent Developments in Discrete Model" session, Invited Paper Session, 2019 ISI World Statistics Congress, Kuala Lumpur, Malaysia, 8/19.
21. "Flexible Regression Models for Dispersed Count Data", Invited Statistical Sciences Seminar Series, Statistical Sciences group, Los Alamos National Laboratory, Los Alamos, NM, 8/19.
22. "Flexible Regression Models for Dispersed Count Data", Conference for African-American Researchers in the Mathematical Sciences (CAARMS), Princeton University, 6/19.
23. "The Conway-Maxwell-Poisson Stochastic Process for Dispersed Count Data", Summer Program in Research and Learning, American University, 6/19.
24. "Introducing a flexible bivariate distribution for dispersed discrete data", Ohio State University Statistics Department, 11/18.
25. Plenary speaker, "CSI: Count on Statistics for Investigation", Shenandoah Undergraduate Mathematics and Statistics (SUMS) conference, James Madison University, 10/18
26. Plenary speaker, "Count on Statistics (but not necessarily via Poisson)!", Women's Intellectual Network Research Symposium, University of Virginia, 9/18.
27. Discussant, "Joe Hilbe: A Statistician Who Counted!", Joint Statistical Meetings, Vancouver, Canada, 8/18.
28. "Bivariate Conway-Maxwell-Poisson Distribution: Formulation, Properties, and Inference", The LmB Conference on Multivariate Count Analysis, Besançon, France, 7/18.
29. "Don't Count on Poisson: The Conway-Maxwell-Poisson Regression for Dispersed Count Data", North Carolina Central University Department of Mathematics & Physics, 11/17.
30. "Introducing the zero-inflated Conway-Maxwell-Poisson model for dispersed count data", Advanced Topics in Zero-inflated Regression Models (topic-contributed session), Joint Statistical Meetings 2017, Baltimore, MD, 8/17.
31. "Bivariate Conway-Maxwell-Poisson Distribution: Formulation, Properties, and Inference", Invited Session: Uni-Multivariate Count Dispersion and Applications, International Statistical Institute 61st World Statistics Congress, Marrakech, Morocco, 7/17.
32. "Underdispersion models: models that 'fly under the radar'", International Chinese Statistical Association Applied Symposium, Chicago, IL, 6/17.
33. "Introducing Flexible Regression Models for Count Data", Georgetown Econometrics Workshop, Georgetown University, Washington, DC, 5/17.
34. "Don't Count on Poisson: Introducing the Conway-Maxwell-Poisson distribution for statistical methods regarding count data", "The many facets of statistics – applied, pure and BIG" (Invited Session), 2017 Association for Women in Mathematics (AWM) Research Symposium, University of California Los Angeles (UCLA), Los Angeles, CA, 4/17.
35. "Introducing the Conway-Maxwell-Poisson distribution", International Conference on Statistical Distributions and Applications (ICOSDA) 2016, 10/16.
36. "Bivariate Conway-Maxwell-Poisson Distribution: Formulation, Properties, and Inference", Session: Discrete Distributions, ODRS 2016: Conference on Ordered Data and their applications in Reliability and Survival Analysis, McMaster University, 8/16.
37. "Don't Count on Poisson: Introducing the Conway-Maxwell-Poisson distribution", Summer Program in Research and Learning (SPIRAL), Morgan State University, Baltimore, MD, 7/16.
38. "Introducing the Bivariate Conway-Maxwell-Poisson Distribution", Modeling Multivariate Count Data: Multivariate Extensions and Generalizations of

Standard Count Distributions -- Topic Contributed Papers, Joint Statistics Meetings 2016, Chicago, Illinois, 7/16.

39. "Flexible models for underdispersed count data", New advances in underdispersed count data analysis, 2016 International Biometric Conference (IBC 2016) – Invited Session, Victoria, British Columbia, Canada, 7/16.

40. "A generalized statistical control chart for over- or under-dispersed data", SAMSI Workshop on Games and Decisions in Reliability and Risk, Statistical and Applied Mathematical Sciences Institute) in Research Triangle Park, North Carolina, 5/16.

41. "A Flexible Regression Model for Count Data", Departmental seminar, Department of Statistics, University of Kentucky, Lexington, KY, 12/15.

42. "A Flexible Regression Model for Count Data", Minisymposium honoring Dianne O'Leary, SIAM Conference on Applied Linear Algebra; Atlanta, GA; 10/15.

43. "Don't Count on Poisson: Introducing a flexible alternative distribution to model count data", 2015 Morehouse Mathematics Fair, Morehouse College, Atlanta, GA, 10/15.

44. "A Flexible Regression Model for Count Data", Department of Mathematical Sciences, George Mason University, 9/15.

45. "Don't Count on Poisson: Accounting for Dispersion in Count Data Modeling", Center for Statistical Research & Methodology Seminar Series, The U.S. Census Bureau, 4/15.

46. "A Flexible Regression Model for Count Data", Office of Biostatistics Research, NHLBI/NIH, 4/15.

47. "Don't Count on Poisson! Introducing the Conway-Maxwell-Poisson distribution to model count data", Institute for Integrating Statistics in Decision Sciences, Department of Decision Sciences, The George Washington University; Washington, DC; 1/15.

48. "Modeling counts via the Conway-Maxwell-Poisson distribution for the health of it!", Topic Contributed Session: New methods of modeling count data and it's impact on the future analysis of health data, Joint Statistical Meetings (JSM) 2014, Boston, MA, 8/14.

49. "Introducing the Conway-Maxwell-Poisson Distribution to Model Count Data", Count Data Modeling and Analysis Workshop, LMB Trimester, Besançon, France, 7/14.

50. "A generalized statistical control chart for over- or under-dispersed data", Department of Information Systems, Statistics and Management Science, University of Alabama, 4/14.

51. "Don't Count on Poisson: Introducing a Generalized Count Distribution for Dispersed Count Data", Virginia State University, 3/14.

52. "Don't Count on Poisson: Introducing the Conway-Maxwell-Poisson distribution", Discrete Distribution Theory and Applications, Ordered Data Analysis, Models and Health Research Methods Conference, University of Texas at Dallas, 3/14.

53. "Don't Count on Poisson: Introducing the Conway-Maxwell-Poisson distribution", Women in Math seminar, University of Maryland, College Park, MD, 2/14.

54. "Don't Count On the Poisson Distribution: Introducing a Generalized Distribution Model for Count Data and Its Use in Various Applications", Society for Advancement of Chicanos and Native Americans in Science (SACNAS) National Conference 2013, San Antonio, TX, 10/13.

55. "Introducing the Conway-Maxwell-Skellam distribution for differences in count data containing common dispersion levels", International Conference on Statistical Distributions and Applications (ICOSDA 2013), Mt. Pleasant, MI, 10/13.

56. "Statistical Advancements Using the COM-Poisson Distribution", 12th Annual Conference of the European Network for Business and Industrial Statistics (ENBIS 12), University of Ljubljana, Slovenia, 9/12.

57. "A Regression Model for Count Data", Cornell University Research Experiences for Undergraduates Program, Ithaca, NY, 6/12.

58. "Statistical Analysis of Mass Spectrometry Data", Short Course: Applications of Mathematics to Biology, Infinite Possibilities Conference 2012, University of Maryland Baltimore County, Baltimore MD, 3/12.
59. "A Flexible Regression Model for Count Data", Georgetown Quantitative Models Working Group, Georgetown University, Washington DC, 10/11.
60. "Advances with the Conway-Maxwell-Poisson Distribution, Part II", Office of Survey Methods Research, Bureau of Labor Statistics, Washington DC, 10/11.
61. "Regression Models for Count Data" Summer Program in Research and Learning (SPIRAL) program, University of Maryland, College Park MD, 6/11.
62. "Statistical Methods for Analyzing Dispersed Count Data", Mathematics Colloquium, Morgan State University, Baltimore MD, 2/11.
63. (poster) "Generalized Statistical Methods via the Conway-Maxwell-Poisson Distribution". 2010 Blackwell-Tapia Conference, Ohio State University, Columbus OH, 11/10.
64. "Advances with the Conway-Maxwell-Poisson Distribution", Office of Survey Methods Research, Bureau of Labor Statistics, Washington DC, 11/10.
65. "Statistical Methods for Count Data Containing Data Dispersion", GW 75th Anniversary Symposium, 9/10.
66. "Regression Models for Dispersed Count Data", 16th annual Conference for African-American Researchers in the Mathematical Sciences, Baltimore MD, 6/10.
67. "Regression Models for Count Data with Constant or Observation-Level Dispersion", Joint Research Conference on Statistics in Quality, Industry, and Technology, National Institute of Standards and Technology (NIST), Gaithersburg MD, 5/10.
68. "Conway-Maxwell-Poisson (COM-Poisson) Regression", Infinite Possibilities Conference (IPC 2010), UCLA, Los Angeles CA, 3/10.
69. "Filling the Gap: Introducing the Conway-Maxwell-Poisson Regression", George Washington University Statistics Department Seminar, 9/09.
70. "Feature Detection Techniques for Proteomic Data Analysis", Invited Session: Extracting Information from Images (Session Sponsor: Section on Physical and Engineering Sciences), 2009 Joint Statistical Meeting, Washington DC, 8/09.
71. "Conway-Maxwell-Poisson Regression: A Flexible Regression Tool for Count Data", European Regional Meeting of the International Society for Business and Industrial Statistics (EURISBIS 2009), Cagliari Italy, 5/09.
72. "Introducing Conway-Maxwell-Poisson Regression for Modeling Count Data", Statistical and Applied Mathematical Sciences Institute (SAMSI) Special Workshop: 2008 Blackwell-Tapia Conference, Research Triangle Park NC, 11/08.
73. "A Flexible Model for Count Data: Developing the Conway-Maxwell-Poisson Regression Model", eMarkets Research Lab, Department of Decision, Operations & Information Technologies, Robert H. Smith School of Business, University of Maryland College Park, 3/08.
74. "Proteomic Data Analysis 101", Caucus for Women in Statistics Breakfast Roundtable, JSM 2007, Salt Lake City UT, 8/07.
75. "Modeling and Spot Detection of Two-Dimensional Gels", Interface 2007, Philadelphia PA, 5/07.
76. Invited Discussant, "Challenges Facing the Next Generation of Applied Statisticians", Joint Statistics Meetings 2006, Seattle WA, 8/06.
77. "Image Normalization and Feature Detection in Proteomic Studies", Mathematics Departmental Seminar, Georgetown University, Washington DC, 2/06.
78. "Image Normalization and Feature Detection in Proteomic Studies", Mathematics and Statistics Departmental Seminar, American University, Washington DC, 2/06.
79. "Removing Variation: The Search for the Truth", Applied Mathematics and Statistics Department, University of Maryland Baltimore County, 7/05.
80. "Modeling Variation and Spot Detection in Protein Gel Images", 13th INFORMS Applied Probability Conference, Ottawa, Canada, 7/05.
81. "Modeling and Spot Detection of Two-Dimensional Gels", Center for Genetics and Complex Traits (CGACT), University of Pennsylvania, 12/04.

82. "Systematic Variation in Microarrays and Two-Dimensional Gels", Statistics Undergraduate Research Experience (SURE) Program, Carnegie Mellon University, 6/04.
83. "Detecting Protein Differences via the Difference Gel Electrophoresis Process", Center for Clinical Epidemiology and Biostatistics, University of Pennsylvania, 5/04.
84. "Systematic Variation in Difference Gel Electrophoresis Data", Department of Mathematical Sciences, Villanova University, 4/04.
85. "Systematic Variation in Difference Gel Electrophoresis Data", Department of Mathematics, Haverford College, 4/04.

99. "Early Work Regarding Many Valued Systems and Vagueness in Propositional Logic", Network Systems Consortium Meeting, George Washington University, 11/99.
100. "Iterative Methods for Computing Mean First Passage Times of Markov Chains", Women In Mathematics (WIM) Graduate Student Seminar, University of Maryland College Park, 3/98.

Other:
1. Kathryn Chaloner Lecture in the Statistical Sciences speaker, "You Count! (and, believe me… I should know!)", Field of Dreams Conference 2022, Minneapolis, MN, 11/22.
2. Panelist, "From the Horse's Mouth: How Mentoring Shaped My Career and How it Can Shape Yours Too!", JSM 2022, Washington, DC, 8/22.
3. (forthcoming) Panelist, "Moving Toward Justice, Equity, Diversity, and Inclusion in the Statistical Sciences", JSM 2022, Washington, DC, 8/22.

4. (panelist) "Statistics and Data Science Partnerships and Collaborations across Sectors", 2021 International Chinese Statistical Association (ICSA) Applied Statistics Symposium (virtual), 9/21.
5. (panelist) "Justice, Equity, Diversity, and Inclusion (JEDI) in Statistics and Data Science", 2021 Joint Statistical Meetings (virtual), 8/21.
6. Q&A with Northwestern Women in Statistics, 4/21 (virtual).
7. Interview, Practical Significance, aired 2/21.
8. "Life as a(n) (Academic) Statistician", Goal Grinders (Virtual) Teen Summit, 8/20.
9. "My Story", Women in Statistics and Data Science, La Jolla, CA, 10/17.
10. "Imposter Syndrome", Women in Statistics and Data Science, La Jolla, CA, 10/17.
11. "Implicit Bias in STEM Fields", Georgetown Club of Chicago, Chicago, IL, 6/17.
12. (Keynote/Plenary Speaker) "The Game of Life… is More Than a Game", Adele's Circle "HerStory: TerpWomen of Influence", University of Maryland, College Park, MD, 3/16.
13. Panelist, Success Stories, National Research Conference for McNair Scholars and Undergraduate Researchers, University of Maryland, College Park, MD, 3/16.
14. (Nifty Fifty speaker) "CSI: Count on Statistics for Investigation", USA Science & Engineering Festival, National Cathedral School, 3/16.
15. "Making Effective Presentations", 3rd annual Black Doctoral Network conference, Atlanta, GA, 10/15.
16. "CSI: Collecting Statistics for Investigation", X-STEM Symposium speaker, USA Science & Engineering Festival, Washington, DC, 4/15.
17. Keynote speaker, "CSI: Collecting Statistics for Investigation", Expanding Your Horizons (EYH) Conference (Motivating Young Women in Science and Mathematics) at James Madison University, 3/15.
18. "Quantitative Methods", 2nd annual Black Doctoral Network conference, Philadelphia, PA, 10/14.
19. "It's Even Sweeter: Life as a (Senior) Faculty Member", StatFest conference, North Carolina State University, Raleigh, NC, 9/14.
20. "CSI: Collecting Statistics for Investigation (Middle School version)", Sligo Creek Middle School Math Night, Silver Spring, MD, 2/14.
21. "CSI: Collecting Statistics for Investigation (High School version)", Nifty Fifty event, Frederick High School, MD, 2/14.
22. "CSI: Collecting Statistics for Investigation (Middle School version)", Argyle Middle School Mathedemics Night, Silver Spring, MD, 1/14.
23. "CSI: Collecting Statistics for Investigation (High School version)", 2014 Junior Science and Humanities Symposium (JSHS), Georgetown University, Washington, DC, 1/14.
24. Panelist, "The Color of Science: An Evening with Prominent African-American Scientists", Franklin Institute, Philadelphia, PA, 3/13. http://www2.fi.edu/visitor-guide/events/color-of-science.pdf
25. "CSI: Collecting Statistics for Information", JSHS, Georgetown University, Washington, DC, 1/13.
26. Invited Panelist: "Difficult Decisions: Knowing When it's Time to Make a Change", Infinite Possibilities Conference 2012, University of Maryland Baltimore County, Baltimore MD, 3/12.
27. Invited Panelist, "Progress of African-American Researchers in the STEM Academic Fields", Seventh Annual Diversity Conference, Johns Hopkins University, Baltimore MD, 11/10.
28. "Motherhood & Mathematics: Making it Happen", Infinite Possibilities Conference (IPC2010), UCLA, Los Angeles CA, 3/10.
29. "The Road Through Academia", StatFest 2007, Indianapolis, IN, April 2007.

30. Invited Panelist, "Alumni Sessions: Engineering/Mathematics/Statistics", 7th Annual Gates Millennium Scholars Leadership Conference: Building a Community of Leaders, Chantilly VA, 9/06.
31. "The McNair Program: How Does it Prepare You for Graduate School and Academic Life Beyond?", Ronald E. McNair Post-baccalaureate Program Orientation, University of Pennsylvania, 5/06.
32. "10 Habits of Highly Successful McNair Scholars," Ronald E. McNair Closing Banquet, University of Maryland, College Park MD, 7/05.
33. "The McNair Program's Preparation for Graduate School: A Case Study," Ronald E. McNair Orientation, University of Pennsylvania, Philadelphia PA, 5/05.
34. "The Path to the Ph.D.," GE Fellows Program, Barnard College, New York NY, 4/05.
35. "The Journey to the Professoriate and Beyond" (panelist), National Research Conference for McNair Scholars and Undergraduate Researchers, 3/05.
36. "Keeping my `Eyes on the Prize': What it took to obtain a Ph.D., and what I'm doing now that I have it", Mathematics and Computer Science Department, Lincoln University, Lincoln, PA, 11/04.
37. "The McNair Experience, and its Influence on Academic Pursuits" (panelist), National Research Conference for McNair Scholars and Undergraduate Researchers, 3/04.
38. "Minority Life in the Academy: the Good, the Bad, and the Ugly", 2003-2004 Inter-University Graduate Students of Color Dinner/Speaker Series, Pittsburgh PA, 1/04.
39. "Careers in Biostatistics" (panelist), Diversity Day, 2003 ENAR Spring Meeting, Tampa FL, 3/03.
40. "The After-life: Life with a Ph.D." (panelist), National Research Conference for McNair Scholars and Undergraduate Researchers, 3/02, 3/03.
41. "The Graduate School Experience" (panelist), National Research Conference for McNair Scholars and Undergraduate Researchers, 3/00, 3/01.

Invited Lectures
1. Quantitative Methods workshop, International Black Doctoral Network Association (IBDNA) Conference 2013, Philadelphia, PA, 10/13.
2. "Analysis of Proteomics Data", NIGMS short course on Statistical Genetics and Genomics, University of Alabama at Birmingham; Birmingham AL, 7/11.
3. "Image Analysis for Proteomic Data Analysis", Short Course on Statistical Genetics and Genomics, Honolulu Hawaii, 7/09.
4. "Introduction to S-plus/R", Department of Biostatistics and Epidemiology Graduate Program, University of Pennsylvania, 9/05.
5. "What is Algebraic Statistics?", The Tenth Annual Conference for African-American Researchers in the Mathematical Sciences (CAARMS X), Mathematical Sciences Research Institute (MSRI), 6/04.
   - Part I: Contingency Tables
   - Part II: Application: Statistical Disclosure Limitation
   - Part III: Computational Algebra

Teaching Experience

Instructor: Outlined syllabus and website; prepared lectures, homework, lab assignments and examinations; organized discussion of course and related material; led computer instruction, if applicable; graded examinations, quizzes, and homework; handled all administrative duties

- Georgetown University:
  o Graduate Internship/Research (MATH 703): Spring 2008, Spring 2017
  o Applied Multivariate Analysis (MATH 652): Spring 2009, Fall 2012, Spring 2017, Spring 2023
  o Regression Methods and Generalized Linear Models (MATH 651) (all fall semesters): 2015-2019
  o Mathematical Statistics (MATH 503) (all spring semesters): 2007, 2008, 2009, 2011, 2013, 2016, 2019, SY 21-22

- o Applied Statistical Methods II (MATH 340): Fall 2012, Spring 2013, Fall 2013, Spring 2014, Fall 2015, Fall 2016, Fall 2017, Fall 2018, Fall 2019, Fall 2021, Fall 2022
  - o Tutorial – Senior Thesis (MATH 301-302): CY 2013 (Don Jayamaha); SY 2015-2016 (Austin Menger)
  - o Applied Statistical Methods I (MATH 240): Spring 2012, Fall 2013, Spring 2014, Spring 2017, Spring 2020 (two sections), Spring 2022, SY 22-23
  - o Introduction to Mathematical Statistics (MATH 140): Spring 2012.
  - o Probability & Statistics (MATH 040): Fall 2006, Fall 2007, Spring 2008; Large lecture format: Fall 2008, Fall 2009, Spring 2010
- University of Pennsylvania:
  - o Biostatistical Methods II (BSTA 631): Spring 2006
- Carnegie Mellon University:
  - o Algebraic Statistics (36-835): Fall 2003
  - o Advanced Data Analysis II (36-758): Fall 2003
  - o Statistics for Lab Sciences (36-247): Spring 2003
  - o Engineering Statistics and Quality Control (36-220): Fall 2002, Spring 2004

Co-instructor: Outlined syllabus, prepared and led lecture instruction including software usage, wrote and graded examinations and homework, collected outside projects and mentored students toward project completion, handled administrative duties
- Carnegie Mellon University:
  - o Advanced Data Analysis II (36-402): Spring 2002 with Brian Junker
  - o Advanced Data Analysis I (36-401): Fall 2001 with Brian Junker
  - o Statistics for Lab Sciences (36-247): Spring 2002 with Rob Kass

Conference Participation
- Joint Statistics Meetings (JSM)
  - o Organizer and discussant, "Joe Hilbe: A Statistician Who Counted!" (invited memorial session), JSM 2018: Vancouver, Canada, 7-8/18.
  - o Co-organizer, "Imposter Syndrome" (invited panel session), JSM 2018: Vancouver, Canada, 7-8/18.
  - o Co-organizer, "Sexual Harassment in the Statistics Community" (invited/late-breaking panel session), JSM 2018: Vancouver, Canada, 7-8/18.
  - o Co-organizer and Chair, "Implicit Bias and the Profession of Statistics" (invited session), JSM 2017: Baltimore, MD, 7-8/17.
  - o Mentor, JSM Diversity Workshop and Mentoring Program, 2012-2016.
  - o Organizer, "Don't Count on Poisson: Statistical Methods for Dispersed Count Data and their Applications", Topic-Contributed Session, JSM 2012; San Diego, CA, 7/12.
  - o Invited Discussant, "Challenges Facing the Next Generation of Applied Statisticians", Seattle WA, 8/06.
- Conference for Women in Statistics / Women in Statistics and Data Science
  - o Executive Committee member, WSDS 2018, Cincinnati OH, 10/18.
  - o Organizer and moderator, "She's 'A Business, (Wo)Man!': Starting and Running Your Own Statistics/Data Science Business" (panel), WSDS 2018, Cincinnati OH, 10/18.
  - o Panelist, "Implicit Bias and Power Dynamics: How We can Change the Culture" session, WSDS 2018, Cincinnati OH, 10/18.
  - o Panelist, "She Leads with Statistics and Data Science Research" session, WSDS 2018, Cincinnati OH, 10/18.
  - o Executive Committee member, WSDS 2017, La Jolla CA, 10/17.
  - o Organizer and moderator, "Call Her Madam President: A Discussion with Women Leaders in the Statistics Community", WSDS 2017, La Jolla CA, 10/17.
  - o Panelist, "The Imposter Syndrome", WSDS 2017, La Jolla CA, 10/17.

- o Organizer and moderator, "An Outlier Personified: How to Overcome Inferences Stemming from Implicit Bias in the Community", Charlotte NC, 10/16.
  - o Panelist, "Career and Kids: Some Pros and Cons on Timing", Charlotte NC, 10/16.
  - o Travel award committee member, Raleigh-Durham NC (5/13), Charlotte NC (10/16).
  - o Organizer and moderator, "Surviving graduate school" (panel), Raleigh-Durham NC, 5/13.
  - o Poster judge, Raleigh-Durham NC, 5/13.
  - o Co-chair, Awards Committee, 2013.
  - o Steering/Vision Committee, 2011.
  - o Planning Committee member and Awards Committee Co-Chairperson, 1/11-5/14.
- Singpurwalla Symposium, "New Frontiers in Reliability and Risk Analysis: A Tribute to Nozer D. Singpurwalla"
  - o Co-chair, Organizing Committee
- International Conference on Statistics: Theory and Applications (ICSTA)
  - o Scientific Committee member, 5th International Conference on Statistics: Theory and Applications (ICSTA 2023), London, United Kingdom, 8/23.
- World Statistics Congress of the International Statistical Institute (ISI)
  - o Invited speaker, "The Conway-Maxwell-Poisson Stochastic Process for Dispersed Count Data", in Invited Paper Session "Recent Developments in Discrete Model", ISI 2019, Kuala Lumpur, Malaysia, 8/19.
- International Biometric Conference (IBC)
  - o Organizer (with Drs. Jenny Barrett and Somnath Datta; Invited Session), "Statistical analyses of proteomic data", Dublin Ireland, 07/08.
- Justice, Equity, Diversity, and Inclusion (JEDI) Outreach Group webinar
  - o Organizer, "Incorporating DEI in Biostatistics Courses" (panelists: Scarlett Bellamy, Renee Moore, Andrea Lane), 10/21.
  - o Organizer, "Diversity in Awards Nominations" (panelists: Mary Batcher, Abdus Wahed), 1/22.
- Conference on Statistical Practice (CSP)
  - o Organizer, half-day workshop: "Equity and Bias in Algorithms: A Discussion of the Landscape and Techniques for Practitioners", Emily Hadley (speaker), 2/22.
- Ingram Olkin Statistics Serving Society Forum
  - o Discussant and roundtable moderator, "Policing Gun Violence", Inaugural Ingram Olkin Statistics Serving Society Forum on Gun Violence – The Statistical Issues, Arlington, VA, June 26-27, 2019
- Infinite Possibilities Conference (IPC)
  - o Co-organizer and moderator, "The Imposter Syndrome: What is it, and How to Overcome It?", IPC 2018, Howard University, Washington, DC, 4/18
  - o Steering Committee member, IPC 2018, Howard University, 4/18.
  - o Poster Judge, University of Maryland – Baltimore County, 3/12.
  - o Vision Committee member, UCLA, 3/10.
  - o Steering Committee member and Registration Committee Chairperson, NC State University, 11/07.
  - o Steering Committee member (IPC 2007), Registration Committee chairperson (IPC 2007), Vision Committee member (for IPC 2010), Poster judge (IPC 2012)
- National Association of Mathematicians (NAM) Mathfest
  - o Session Moderator, Washington DC, 11/06.
  - o Student Presentations Moderator, 10/20 (virtual).
- Black Doctoral Network (BDN) Conference
  - o Lecturer, "Quantitative Analysis", 10/13, 10/14.

- o Panelist, Race and the Academy, 2nd annual Black Doctoral Network Conference, Philadelphia, PA, 10/14.
- o Co-workshop presenter with Ryan Hynd (UPenn), "Stress and Time Management: Finding Solutions for Work-Life Balance", 2nd annual Black Doctoral Network Conference, Philadelphia, PA, 10/14.
- Gates Millennium Scholars Leadership Conference
  - o Invited Panelist, "Alumni Sessions: Engineering/Mathematics/Statistics", Chantilly VA, 09/06.
- Eastern North American Region (ENAR) of International Biometric Society Meeting
  - o Selected Participant, Junior Researcher's Workshop, Pittsburgh PA, 3/04.
  - o Diversity Committee member, International Biometric Society (ENAR), 1/02-12/08
- American Institute of Mathematics Research Conference Center (ARCC) Workshops
  - o Invited Participant, "Computational Algebraic Statistics", San Diego CA, 12/03.
- Society for Industrial and Applied Mathematics (SIAM) Meetings and Symposia
  - o Organizer and chair, "Statistical Analysis on Microarray Data", SIAM Symposium on Computational Models and Simulation for Intra-cellular Processes, Washington DC, 10/02.
  - o Poster presenter, AWM Workshop for Women Graduate Students and Postdoctoral Mathematicians, SIAM Annual Meetings, San Diego CA, 07/01.
- Conference for African-American Researchers in the Mathematical Sciences
  - o Poster presenter, Baltimore MD, 06/00.
- International Conference on Statistical Distributions and Applications (ICOSDA)
  - o Invited session organizer, "Don't Count on Poisson! Introducing the Conway-Maxwell-Poisson distribution for statistical methodology regarding count data", ICOSDA 2016, 10/16.
  - o Scientific Program Committee member (ICOSDA 2016), 10/16.
- ASA Statfest
  - o Panelist, Statistics in Academia, StatFest conference, North Carolina State University, Raleigh, NC, 9/14.
  - o Invited speaker, StatFest 2007, Indianapolis, IN, 4/07; participation noted in July 2007 Amstat News, "Lilly Hosts StatFest 2007"
- National Research Conference for McNair Scholars and Undergraduate Researchers
  - o Faculty panelist, 3/16.
  - o Judge, Research presentation competition, 3/01 – 3/03

Professional Service
Departmental: Georgetown University Mathematics Department
- Chair, Statistics Hiring Committee (tenure line): Fall 2015 – Spring 2016
- Curriculum Committee member, Fall 2009 – Spring 2015
- Graduate Admissions Committee member, Spring 2011, Spring 2013, SY 2015-2016, SY 2017-2018, SY 2018-2019, SY 2019-2020
- Statistics Committee, Chair: Fall 2007 – Summer 2012, Fall 2015 – Summer 2016; Member: Fall 2007 - present
- Merit Review Committee member, Fall 2009 – Spring 2012, SY 2021-2022
- Departmental Bylaws Committee member, Fall 2009 – Spring 2012
- Graduate Program Executive Committee member, Fall 2006 – Summer 2009, SY 2013-2014, SY 2016-2017
- Hiring Committee member, Fall 2006 – Spring 2008, Spring 2013 – Spring 2014
- Senior thesis adviser: Don Jayamaha (CY 2013), Austin Menger (SY 2015-2016)

- Senior thesis committee member: Matthew Hellauer (Spring 2011), John Hocter (Spring 2017)
- Departmental Academic Advisor, Spring 2007 – present
- Georgetown Undergraduate Research Opportunities Program (GUROP) advisor (Fall 2009-present); see list of undergraduate researchers for details
- Determine course equivalence merits and transfer requests regarding MATH 040 at other institutions (Summer 2008 – Summer 2013)
- Held outreach meetings with Alena Maze, Karen Hicklin, and Ian Burt to address concerns/issues as under-represented minorities in mathematics and statistics (February-May, 2011)
- Graduate Program Administrative Assistant Hiring Committee, Fall 2007

University: Georgetown University
- Co-chair, Georgetown College DEI Task Force (9/22-present)
- Hiring Committee Member, Georgetown Center for Digital Ethics (SY 2021-2022)
- Member, 2022 Coakley, Kraft, McCahill Awards Selection Committee (Spring 2022)
- College Curriculum Committee Member, Fall 2021 through Spring 2023
- Hiring Committee Member, AVP Institutional Research/AVP Institutional Data Analytics (Fall 2018-Spring 2020, Fall 2022)
- Adviser, Georgetown Gender Task Force (Spring 2018 – Spring 2020); Committee member, Compensation Subcommittee
- Member, Georgetown College Dean Search Committee, Summer 2016 – Fall 2016
- Member, Science Planning Group for Main Campus, SY 2015-2016 (and Resource Management Sub-committee)
- Meeting with STEM middle and high school teachers in conjunction with the Georgetown University Google CS4HS workshop, 7/13
- Panelist, Introduction of Advancement in and Opportunities involving the Sciences in the Georgetown College, Georgetown College Alumni Interviewers Workshop, 1/12
- Member, Georgetown College Executive Committee, 9/08-5/10
- Departmental Open House speaker for Georgetown Admissions Ambassador Program (GAAP), 3/10
- Georgetown Admissions Ambassador Program speaker, 3-4/08 and 3-4/09
- Cristo Rey Lecturer: "CSI: Collecting Statistics for Information", 3/09
- Represented Graduate Program Executive Committee at Program Review Session held by Georgetown College Executive Committee, 3/09
- Georgetown College Dean interviews, 2/09
- College Board of Advisors meeting, 10/07
- Meeting with Biology faculty (Anne Rosenwald and Heidi Elmendorf) to discuss undergraduate statistics curriculum for Global Health program, 10/07
- Meeting with Bryan Kasper (SFS assistant dean) and Charles King (SFS faculty chair) to discuss statistics curriculum development for SFS undergraduate and graduate students, 9/07
- Meeting with Dr. Douglas Eagles (Chair, Biology Department) to discuss statistics curriculum for graduate students, 6/07
- Panelist, Claire Booth Luce Luncheon, 5/07
- Ad-hoc subcommittee to discuss Final Examination policy, 3/07
- Reviewer, 2007 Lombardi Research Fair, 2/07

Broader Academic Community
- Member, Committee on Applied and Theoretical Statistics (CATS) at the National Academies of Sciences, Engineering, and Medicine (2023 - present)

- Associate Editor: *The American Statistician* (6/14 - present), *Journal of Computational and Graphical Statistics* (1/2017 – 8/2022)
- American Statistical Association (ASA) Justice, Equity, Diversity, and Inclusion (JEDI) Outreach Group (Inaugural Chairperson, 2021-2022; Past-chairperson and Chairperson, Nominating Committee: 2023)
- Commissioning Editor: *WIREs Computational Statistics* (5/6/19 – 12/31/22)
- Member, Committee of Presidents of Statistical Societies (COPSS) Leadership Academy Award Committee (9/20 – 8/23)
- Member, ASA Committee on Women in Statistics (1/13 – 12/18); Chairperson (1/17 – 12/18)
- Advisory Board member, International Black Doctoral Network Association, Incorporated, 1/12 – present
- Summer Program in Research and Learning (SPIRAL; Director: 9/22 - present; Advisory Board member, 5/19 – 8/22)
- Director BDN STEM'ers, International Black Doctoral Network Association, Inc., 1/13 – 12/16.
- Chairperson (2024-present), Vice-chairperson (2022-23), and Member (2020-present), ASA External Nominations and Awards Committee
- Member, Adele's Circle of Women, University of Maryland, College Park, MD; 1/14 – present
- Panelist, NSF Mentoring through Critical Transition Points and Unsolicited Workforce (MCTP/UWP), 9/12.
- Member, National Science Foundation Proposal Review Panel (Statistics Panel C); 1/10, 2/11
- Mentor, Lesley Chapman (Intramural Continuing Umbrella of Research Experiences (iCURE) Fellowship at the National Cancer Institute Data Science Laboratory), 2019.
- ISBIS blog (November 26, 2017), "Sharing WISDOM at the Women in Statistics and Data Science Conference", https://blogisbis.wordpress.com/2017/11/26/sharing-wisdom-at-the-women-in-statistics-and-data-science-conference/
- Panelist, George Washington University Summer Program for Women in Mathematics (SPWM), 7/12.
- Dissertation Committee member for Ms. April Battle, PhD candidate in Education, Bowie State University (Dr. Lola LeCounte, advisor). Topic: "The Impact of Teacher Preparation and Teacher Dispositions on Student Achievement"
- Referee/Reviewer (in alphabetical order):
  Books: *Interpreting Socio-Economic Data: A Foundation of Descriptive Statistics* (Winkler; Chps. 1,10; Appendix D)
  Introduction to Mathematical Statistics (Hogg, McKean, Craig; 6th edition: Chps. 5-8; 7th edition: Chps. 2,4,6,8,10)
  Statistics in Action: Understanding a World of Data, (Watkins, Scheaffer, Cobb; Chps. 7-9)
  Book Chapters: R. Viertl, O. Sunanta, Fuzzy Information, Likelihood, Bayes' Theorem, and Engineering Application, in *Current Trends in Bayesian Methodology with Applications* (D.K. Dey, U. Singh, A. Loganathan, eds.)
  On the Commutativitiy of a Career Trajectory, *A Celebration of EDGE*, Springer
  Journals (in alphabetical order): *Applied Stochastic Models in Business and Industry; Austrian Journal of Statistics; Biometrical Journal; Biometrics; Chemometrics; Communications in Statistics—Case Studies and Data Analysis; Communications in Statistics—Theory and Methods; Communications in Statistics—Simulation and Computation; Computational Statistics and Data Analysis; Computers & Industrial Engineering; Electrophoresis; International Statistical*

Review; Journal of Computational Biology; Journal of Computational & Graphical Statistics; Journal of Proteome Research; Journal of the American Statistical Association; Lifetime Data Analysis; Naval Research Logistics; Pakistan Journal of Statistics; Proceedings of the Institution of Mechanical Engineers, Part O, Journal of Risk and Reliability; Journal of Time Series Analysis; Quality and Reliability Engineering International; Risk Analysis; Statistics; Statistics and Operations Research Transactions; Statistics and Probability Letters; Statistics in Medicine; The American Statistician; The 5th International Conference on Cybernetics and Information Technologies, Systems and Applications: CITSA 2008

- Panelist, George Washington University Summer Program for Women in Mathematics (SPWM), 7/12.
- Participant, "US/India Workshop on Virtual Institute for Computational and Data-Enabled Science and Engineering", Bangalore, India, 12/11.
- Ed.D. Dissertation Committee member: April Battle (Bowie State University, defended 4/09)
- D.Sc. Examining Committee member: Seung Byeon (George Washington University, defended 12/01)
- Met with McNair program student (Raphael Rodriguez) from The University of Texas at San Antonio to provide mentorship and advice regarding graduate school and PhD pursuits, 3/11
- Featured participant on American Statistical Association (ASA) Ask-Me-Anything (AMA) series, 3/17.
- External examiner:
    - G. K. Basele (2016) "The Exponentiated Log-Logistic Weibull Distribution: Model, Properties, and Applications", M.S. in Statistics, Department of Mathematics and Statistical Sciences, College of Science, Botswana International University of Science and Technology
    - M. Otlaadisa (2016) "Beta Linear Failure Rate Power Series Class of Distributions: Theory and Applications", M.S. in Statistics, Department of Mathematics and Statistical Sciences, College of Science, Botswana International University of Science and Technology

Departmental: University of Pennsylvania Department of Biostatistics and Epidemiology, 2004-2006

- Graduate Program Executive Committee member, Fall 2004 - Summer 2006
- M.A. Examining Committee member: Rachel Hammond (defended March 2006)
- MSCE Biostatistics Advisor (in alphabetical order): Reena Duseja, George Makar, Pedro Sanchez, and Bryan Upham

Departmental: Carnegie Mellon University Statistics Department, 2001-2004

- Masters Data Analysis Examination Committee member, Fall 2001, Spring 2003
- Diversity Committee member, Fall 2001 – Summer 2004
- Ph.D. Thesis Committee member (in alphabetical order): Fang Chen (defended February 2004), Jeffrey Miecznikowski (defended January 2006), Aleksandra Slavkovic (defended August 2004)
- Supervision of Ph.D. Advanced Data Analysis Projects: Jeffrey Miecznikowski (2002), Analysis of fluorescence two-dimensional difference gel electrophoresis technology (William F. Eddy, co-advisor)
- Supervision of Graduate Statistical Practice Projects: Pierpaolo Rinaldo, Linqiao Zhao (2004): William F. Eddy, co-advisor
- Supervision of Undergraduate Data Analysis Projects:
    - Amanda Artis (Summer 2004): Comparison of Statistical Methods for Normalizing cDNA Microarray Data

- o   Rob Delmont, Meena Soneji, Gene Vladimirov (Spring 2004): Spotted array normalization
- o   Tara Kalra, Sameer Rathod, Shamil Patel, Sulaiman Malik (Spring 2003): DNA Microarray
- o   Vyacheslav Klimov, Jonathan Knotwell, Darya Leyzarovich (Spring 2002): Bias Assessment of Microarray Chip Based Genetic Studies
- o   Scott Benecke, Benjamin Kay, Jennifer Sample (Spring 2002): Predicting Charitable Donations with Demographics
- o   Linje Boston, Michael Handke, Jenny Semmes (Spring 2002): Time and Spatial Analyses for Sexually Transmitted Diseases (Brian Junker, co-advisor)

Dissertation Committee Service

- Byeon Seung (PhD in Operations Research, The George Washington University, 2002), "Altruistic and Adversarial Warranties"
- Fang Chen (PhD in Statistics, Carnegie Mellon University, 2004), "A two-stage method for approximate spatial inferences by combining independent site specific analyses"
- Aleksandra Slavkovic (PhD in Statistics, Carnegie Mellon University, 2004), "Statistical Disclosure Limitation Beyond the Margins: Characterization of Joint Distributions for Contingency Tables"
- Jeffrey C. Miecznikowski (PhD in Statistics, Carnegie Mellon University, 2006), "Spot Detection in Two-Dimensional Electrophoresis Images"
- April Battle (PhD in Education, Bowie State University, 2009), "The Impact of Teacher Preparation and Teacher Dispositions on Student Achievement"

Georgetown Undergraduate Research Opportunities Program (GUROP) Mentorship:

- Kaitlin Woo (AY 2009-2010) – assist in developing R package, COMPoissonReg
- Li Zhu (2013) – collaborate on developing COM-Poisson process
- Don Jayamaha (2013) – develop generalized first-order autoregressive time series model for count data expressing over- or under-dispersion via COM-Poisson distribution
- Luis Costa (SP 2014) – develop R package, CMPControl
- Stephen Peng (SP 2017, SY 2017-2018) – sCOM-Poisson INAR(1) time series model
- Sophie Lockwood (2017) – zero-inflated sum-of-COM-Poissons regression
- Sean Melville (SP 2018- SP 2020) – Develop SCMPMA(1) model
- Fanyu Cui (SP 2018 – SP 2020) – Develop SCMPMA(1) model
- Zhuo Chen (SP 2018) – Develop SCMPMA(1) model
- Yixuan (Sherry) Wu (SP 2018- SP 2019) – Develop multivariate CMP distribution
- Bailey Premeaux (SP 2019) – Develop multivariate CMP distribution
- Sarah Lalevee (SP 2019 – SP 2020) – analyzing mass murder due to gun violence, 2015-2018
- Zev Burton (SP 2019 – SP 2020) – analyzing mass murder due to gun violence, 2015-2018
- Runzhong (Stephen) Xu (SP 2019 – SP 2020) -- analyzing mass murder due to gun violence, 2015-2018

Georgetown Undergraduate Honors Thesis Advising

- Don Jayamaha (defended 12/13) "First-Order Autoregressive Time Series With sCOM-Poisson Marginals"
- Austin Menger (defended 4/16; co-advisor: Darcy S. Morris) "A Flexible Longitudinal Study Model for Count Data"

Other Georgetown Mentorship/Advising
- Rachel Wishnie-Edwards (Summer 2016; Eric Burger, CS advisor)
- Diag Davenport (Spring 2017) – develop R packages, cmpprocess and multicmp
- Shriya Chauhan (2019) – model comparisons for clustered count data

Professional Society Memberships
Current: American Statistical Association (ASA), International Statistical Institute (ISI), ASA Section on Statistical Computing and Graphics, Caucus for Women in Statistics, Washington Statistical Society, Association for Women in Mathematics (AWM)
Past: ASA Committee on Women in Statistics, Institute of Mathematical Statistics (IMS), Eastern North Atlantic Region (ENAR) of the International Biometric Society, Bernoulli Society, Statistical Modelling Society

Broader Community
- Board of Directors member, Attrus C. Fleming Music Scholarship Fund (1/13-present)
- Assist Duke Ellington School of the Arts with STEAM program and curriculum development(Fall 2017)
- Technology Committee member, Iota Gamma Omega chapter of Alpha Kappa Alpha Sorority, Inc. (1/08 – 12/14)
- Power mentor, Your Turn to Lead Conference in conjunction with the Girl Scout Council of the Nation's Capital, Howard University Law Center (6/13)
- Interviewed for "Career Girls" website, www.careergirls.org (4/11)
- Career Day speaker, Burnt Mills Elementary School (2/11)
- Invited speaker about Community Leaders, Silver Spring YMCA (5/07)

In The News, and Other Features
- Black History Month 2022 Feature, University of Kentucky
- "Kimberly Sellers Named ASA Fellow for Research, Collaboration and Leadership in Justice and Equity" (Georgetown College News Story, September 8, 2021)
- Interviewed for *Storytelling for Mathematics Learning and Engagement*, July 14, 2021 (virtual).
- Featured in *Amstat News* February 2020 issue ("Celebrating Black History Month")
- "Department Highlight – Mathematics & Statistics Professor Kimberly Sellers Creates Varied Research Opportunities for Students" (Georgetown College News Story, January 27, 2020)
- Featured in *Amstat News* March 2018 issue ("Celebrating Women in Statistics and Data Science")
- Featured in "Mathematically Gifted and Black" website (February 1, 2018) and associated American Mathematical Society (AMS) poster (Fall 2018)
- Interviewed for "Who Inspires You?" *Amstat News*, September 2015, p.39.
- Featured in February 18, 2014 issue of *The Frederick News-Post*, "Leading stats professor to speak at Frederick H.S." (Rachel S. Karas, columnist)
- Featured in Georgetown University Center for New Designs in Learning and Scholarship (CNDLS) *Spotlight on Teaching & Learning: Science* (2009)
- Featured in the September 2007 issue of Georgetown University Georgetown College's online *Research Magazine: Science*, "Dr. Kimberly Sellers Sees Numbers in Images"
- Mentioned in July 2007 *Amstat News* article, "Lilly Hosts StatFest 2007"

- Featured in June 25, 2004 *Berkeley Daily Planet*, "Black Math PhD's Hold UC Meet to Swell Ranks"
- Featured in April 2004 *Black Issues in Higher Education*, "Training for the Ph.D.: National conference brings together first-generation college students on the road to a doctoral degree"
- Mentioned in October 2001 *SIAM News*, "Grad Students, Settling into the Applied Math Community, Find Inspiration at SIAM's Fifth Diversity Workshop"
